First Steps in Alterland

Leadership in VR — how to join the session

Immersive X'26 VR Festival
Group: Immersive X'26 – Leadership in VR

8 steps · ~15 minutes
Browser setup, then your Meta headset

Before you start

Joining takes two short parts: first you set up your account in a browser, then you log in on your Meta headset and enter the event space. The whole thing takes about fifteen minutes.

Meet, talk and collaborate in VR — as yourself, with your own voice

WHAT YOU NEED

- **Invitation email** from support@alterland.io (check SPAM too)
- **A computer or phone** with a browser
- **Meta Quest headset** with Wi-Fi and a charged battery
- **Your login details** — the same ones for browser and headset

GOOD TO KNOW

- Only your **first name** is visible to other participants in VR
- Allow **Microphone** and **Audio** for the Alterland app so we can talk
- Photorealistic selfie avatars are a feature of the paid version — a standard avatar is all you need for the session

You've been invited by email to Alterland — group **“Immersive X'26 – Leadership in VR”**. Open the message from **support@alterland.io** and click the grey **Accept Invitation** button, then follow the on-screen instructions.

Can't find it? Please check your **SPAM** folder.

The invitation opens AlterlandHub, our browser tool for meetings, documents and avatars.

Create your account

Sign up to create your account in Alterland and accept the Terms & Conditions and Privacy Policy. Keep in mind that **the same credentials** will be used later when logging in to the app on your headset.
